

AIRPORT HEALTH CLUB CLEANING PLAN

Preparation for opening the Club has included complete professional cleaning, sanitizing and disinfecting, including replacement of all air filters.

As we open, we will provide a dedicated day time cleaning crew in addition to our regular nighttime team. Our nighttime team includes the use of an outside company, California Building Maintenance. CBM will work in tandem with our in-house crew to clean, sanitize and disinfect all areas of the building.

All Staff Members have received training in specific updated cleaning protocol for each of their departments, requiring upgraded attention to cleaning, sanitization and disinfection appropriate for each area of the Club.

Frequent scheduled cleaning of restrooms and locker rooms, and continuous cleaning of all high touch areas such as door handles and stairwell railings.

Have installed 14 touchless free-standing hand sanitizer stations in addition to the 13 wall mounted units.

Have increased our hospital grade gym wipe dispensers from 24 to 34 located conveniently around the entire facility as well as outside in the pool area.

Using as part of a day and night layered cleaning protocol disinfecting products that are included on the EPA List N - Disinfectants for Use Against SARS-Covid-19 (See Cleaning Product List for more details).

Are offering a personal bottle of disinfectant spray, along with choice of micro-fiber towels or paper towels, to take with you as you use the facility before and after any use in an area.

A personal bottle of hand sanitizer will be provided in any individual exercise pod for use before and after your workout.

Members are required to clean equipment, using disinfectant spray or gym wipes, before and after any equipment use. You are encouraged to keep the bottle and towel with you to use throughout the facility and drop off as you exit the Club.

We are anxiously awaiting the arrival of our Protexus Electrostatic Sprayers (see Cleaning Products List for additional information) for use in all areas of the club when a room is vacated and for a complete sweep at closing.
