

Welcome Back!

Essential Things to Know Before Your First Visit

We have developed new protocols to help keep you and our employees safe.

1. Sonoma County mandates that all people (fully vaccinated or not) wear a mask when INSIDE the Club, except in the shower, eating, drinking or if you have a medical condition.
2. On your first visit to the Club, you will be required to sign a new waiver at the Service Desk (if you haven't already).
3. Please stay at home if you or anyone in your household are experiencing COVID 19 symptoms or are not feeling well.
4. Each visit you will be required to pass the temperature and health check station when you check in at the Service Desk.
5. We have a touchless scanner for your membership card at the Service Desk.
6. Available at Service Desk will be a spray bottle of disinfectant and a microfiber towel for your own use around the Club. We ask that you spray the towel first then wipe down the equipment. There is a designated location to deposit the bottle and towel as you leave the Club.
7. There are disinfecting wipes and hand sanitizers located around the Club.
8. Please bring your own water bottle, we don't have cups available yet.
9. Group Exercise classes will continue to be limited in size. Most classes are outside. Reservations are required for classes. They can be made up to 25 hours in advance, you can make a reservation by logging into our website or on the Airport Club App or calling the Service Desk.
10. Childcare reservations are required as space is limited, please call the Club to ensure your spot.
11. We have increased our cleaning protocols and are using products on the EPA list.
12. All employees are required to do a temperature and health check before each shift.
13. All employees have been trained on COVID-19 policies.
14. This list may change and the mandates change.

THANK YOU FOR HELPING US KEEP EVERYONE SAFE!
