FAMILY

Two people in a spousal or marital situation with one or more dependent children under the age of 26 living with the parents, or a single parent with custody of two or more dependent children. The Club, upon petition by a member and at its sole discretion, may determine that any person younger than 18 that resides with the family member on a permanent basis may be considered as part of that family and therefore entitled to membership. If the person has been a family member on the membership and turns 26, the membership fee will be waived.
